HISTORY

Purse Strings, LLC was founded in 2015 after decades of observation and current research showed women were underserved by the insurance / financial industries, leaving them unprepared for the future and often leading to poverty or women working far beyond the age of retirement.

TARGET INDUSTRIES

Property and Casualty Insurance Brokers
Financial Services

What is Purse Strings?

Purse Strings is a way for financial organizations to learn how to bridge the gap between what they provide women and what women need from these organizations.

Purse Strings is a model unlike anything on the market today; it educates women how to become financially fearless and the financial industry on how to reach, engage, and earn the female dollar.

For Women

INFORMATION

Purse Strings offers accessible guidance and tools for women to informed decisions about their financial future.

EDUCATION

Purse Strings provides information and resources to its community of women on financial topics such as planning for retirement, investing, buying a house, or whether to keep the house when going through a divorce.

EVENTS & NETWORKING

Purse Strings offers small events regionally and nationally as well as in conjunction with college campuses to mix the social aspects of a happy hour with targeted, accessible financial empowerment and education.
#selfcareforyourwallet
